Dear Honorable Judge Yeakel,

I've been here in Bastrop county jail holding for over six weeks now.

I've asked if I have a attorney and been told I need to contact South Central Regional office so I wrote them with no response. I've also had Family call them with no help. Do I have a attorney? If not can I get one appointed to me?

The two people I came in with have both seen their attorneys and one is going to court this week. Is COVID-19 holding things up?, or am I some how lost in the system? Anything you can tell me will be greatly appreciated!

Thank you for your time,
